

KickStartCv : An AI- Based Resume Analyzer

Installation Instructions

Requirements :

1. Python (3.9.12)

Download Link : <https://www.python.org/downloads/release/python-3912/>

2. MySQL

Download Link : <https://www.mysql.com/downloads/>

3. Visual Studio Code (Preferred Code Editor)

Download Link : <https://code.visualstudio.com/Download>

4. Visual Studio build tools for C++

Download Link : https://aka.ms/vs/17/release/vs_BuildTools.exe

Installation Procedure :

Step 1 : Download the code file .

Step 2 : Create a virtual environment and activate it (recommended)

Open your command prompt and change your project directory to AI-Resume-Analyzer and run the following command :

```
python -m venv venvapp  
  
cd venvapp/Scripts  
  
activate
```

Step 3 : Downloading packages from requirements.txt inside App folder

```
cd ../../  
  
cd App  
  
pip install -r requirements.txt  
  
python -m spacy download en_core_web_sm
```

Step 4 : After installation is finished create a Database cv and change user credentials inside *App.py* .

Step 5 : Go to *venvapp\Lib\site-packages\pyrespaser* folder and replace the *resume_parser.py* with *resume_parser.py* which was provided by default in pyrespaser folder .

Step 6 : Congratulation !!!!!

You are done with Installation .
